

Design Your Own Rehabilitation Unit

1. Measure area where equipment will be utilized.
2. Mark this measurement on the floor template below.
3. Select equipment that suits the needs of your facility.
4. Cut out icons that represent equipment and place them into your customized floor plan. (Use removable tape to hold icons in place.)

Questions? Call us at 1-888-693-7587
and someone from our staff will gladly help in providing
a comprehensive facilities program assessment.

Equipment Icons

Scale: 1/4" = 1'

Have Fun!

We look forward to seeing your creative ideas.
